ABOUT MYSELF

Passionate **Data Analyst** with **1.5 years of experience**, specializing in **Power BI, data visualization, and business intelligence**. Skilled in **SQL, Python, and ETL processes**, with a strong ability to **analyze data, optimize reporting, and drive informed decision-making**. Adept at **problem-solving and automation**, turning raw data into valuable insights for business growth.

WORK EXPERIENCE

🏢 **Asakta Electronics and Communications Private Limited – Hyderabad, India**

City: Hyderabad | Country: India

Business Operations Associate

[05/02/2024 – Current]

1. Developed a dynamic Invoice Management Module using HTML, CSS, Python, and Flask, integrating Google Sheets for real-time data synchronization. Streamlined filtering, tracking, and updating of invoices , improving operational accuracy and transparency.
2. Utilized MS Excel ,SQL, Microsoft power BI, and advanced visualization tool sets for data intelligence and analysis.
3. Designed effective data extraction pipelines using ETL workflows, reducing redundancy by 15%.
4. Assisted in data cleansing process, improving dataset quality by 10%.
5. Pioneered new data visualization techniques, improving client engagement by 40%.
6. Constructed SQL queries for complex extraction, increasing data availability by 25% .
7. Write complex SQL queries for CRUD operations (CREATE, READ, UPDATE, DELETE).
8. Optimize queries for performance using joins, and subqueries.
9. Built custom SQL queries to extract, analyze and generate automated reports, reducing reporting time by 30%.
10. Delivered interactive dashboards via Power BI, driving a 15% increase in usability for end-users.
11. Devised innovative reporting measures in Excel, enhancing report generation speed by 30%.

SKILLS

MICROSOFT POWERBI / SQL / ADVANCE EXCEL / PYTHON / CSS / Microsoft Office / HTML / Git / Data Collection, Data Cleaning, Data Analysis, Data Visualisations

EDUCATION AND TRAINING

Raghu Engineering College

Bachelor of Technology [20/08/2019 – 23/05/2023]

City: visakhapatnam | Country: India | Final grade: 7.5

LANGUAGE SKILLS

Mother tongue(s): Telugu

Other language(s): English | Hindi

PROJECTS

[24/09/2024 – 07/01/2025]

INVOICE MANAGEMET MODULE

This module streamlines invoice management by displaying filtered invoice details in a tabular format, enabling real-time payment status updates, and allowing the deletion of incorrect records. Integrated with Google Sheets, it ensures seamless data access, improving efficiency and accuracy in financial transactions.

Tech Stack: HTML, CSS, Bootstrap, Javascript, Python,Flask

BLINKIT SALES DASHBOARD

Designed an interactive Power BI dashboard to analyze Blinkit's sales, outlet performance, and product trends. Key insights include total sales , average sales, and customer ratings. Visuals like bar charts, pie charts, and trend lines showcase outlet distribution, item type performance, and sales trends over time. This dashboard enables data driven decisions for optimizing sales and outlet strategies

Tech Stack: Microsoft PowerBi , DAX , Power Query , SQL

ECOMMERCE SALES DASHBOARD

This dashboard provides actionable insights into sales performance, customer trends, and profitability. It highlights total sales of 438K, total profit of 37K, and analyzes sales by state, category, and customer. Additionally, it tracks monthly profit trends, sub-category performance, and payment mode insights, enabling businesses to optimize strategies and drive data-driven growth.

Tech Stack: Microsoft PowerBi , DAX , Power Query , SQL

CERTIFICATIONS

[10/04/2020 – 29/03/2021]

Post Graduation Diploma In Computer Applications

[13/09/2023 – 28/12/2023]

CNC PROGRAMMER
